

TOTAL SAFE CHEMICALS
 ENVIRONMENTALLY SAFE, TOTALLY

TOTAL SAFE TRUCK WASH & WAX CONCRETE REMOVER

The only product in Australia to contain **NO FORM OF ACID.**

SWITCH TO WHAT WORKS FOR YOU NOT WHAT HARMS YOU

Some of Total Safe Truck Wash & Wax Key features:

- > 100% Acid Free
- > Dual Wax and Non-Stick Protective coating
- > Environmentally friendly & 100% Biodegradable.
- > Safe on Skin
- > Non-Hazardous & Non-Flammable
- > Non-Dangerous Goods (Non-DG)
- > Exceeds EPA Safety requirements
- > Safe to store onsite without the need for a dedicated "Dangerous Goods" area
- > Will not rust Chassis.
- > Patented Formulation
- > No More PPE

Safe on Plastics, Rubbers, Glass, Aluminium, Machinery, Wiring, Hand Tools, Paint, Chrome...

While hosing off Total Safe Truck Wash & Wax, our anti-stick agent is dispersed to reduce further build up.

No need to wait hours for the product to work, it works as soon as you apply it on.

Total Safe Truck Wash & Wax is an Australian First, not only does it remove concrete **without any form of Acid**, but it is also safe to be used on all types of surfaces from Trucks, Machines, Tools, Plastics, Equipment, Walls, Metals, etc.

Once it removes/penetrates through the concrete, a "Dual Wax & Non-Stick Protective coating" is applied to reduce further build-up.

Total Safe Truck Wash & Wax is formulated to dissolve 40% more concrete faster than traditional methods of Hydrochloric Acid products.
